### List of Infectious Animal Diseases-free Countries (Zones) and Bovine

### Spongiform Encephalopathy Risk Status

Promulgated by Council of Agriculture, Executive Yuan

Date: August 12, 2022
Ref. No.: Nung Shou fang no. 1111482576
Appendix:
Table 1 List of infectious animal diseases-free countries (zones).
Table 2 List of the risk status of countries (zones) with/without reported case(s) of Bovine Spongiform Encephalopathy.

# **RE:** Deletion of recognition of California State of the United States of America as zone free of Highly pathogenic avian influenza.

Accordance: Pursuant to paragraph 1 of Article 33 of the Statute for Prevention and Control of Infectious Animal Disease.

#### Details:

- 1. Modification of recognized Foot and mouth disease, Contagious bovine pleuropneumonia, Peste des petits ruminants, African swine fever, Classical swine fever, Glanders, African horse sickness, Highly pathogenic avian influenza, Newcastle disease, and Rabies free countries (zones) are listed in Table 1, "List of infectious animal diseases-free countries (zones)." Countries (zones) not listed in Table 1 are regarded as disease-status unknown or disease-infected countries (zone). The importation of articles subject to animal quarantine from countries (zones), where not listed in Table 1, shall comply with the "Regulations for the Importation of Objects Subject to Animal Quarantine" and its relevant regulations on disease-infected countries (zones).
- "List of the risk status of countries (zones) with/without reported case(s) of Bovine Spongiform Encephalopathy" is in Table 2. Cattle, meat-and-bone meal, meat meal, bone meal, poultry meal, blood meal, animal fat and oil for feed,

animal greaves for feed, bovine serum, and other animal products that may transmit bovine spongiform encephalopathy originated from the listed countries (zones) with reported case(s) of bovine spongiform encephalopathy are not allowed to be imported into the Republic of China, except those which are approved by Bureau of Animal and Plant Health Inspection and Quarantine.

3. Any shipment of animals and animal products that is loaded on board for the Republic of China prior to the effective date of this announcement will remain eligible for export to the Republic of China.
