

Our Logo : Our Vision

Animal and Plant Health Inspection Agency
Ministry of Agriculture

The principle behind the design of the logo of the Animal and Plant Health Inspection Agency (APHIA) is based on combining the letters “V” (representing Veterinary Medicine) and “P” (representing Plant Protection) and followed by three green leaves being placed on top the blue letter “V” to represent the unending and everlasting cycle of the agricultural environment. It is then enclosed within a green circle to represent stability and sustainability. Overall, the logo is a demonstration of APHIA’s professionalism to protect and sustain the global environment. As such, it represents our commitment to realize our vision, which is “To implement epidemic prevention and quarantine measures in order to maintain the health of animals and plants and to ensure the safety of agricultural products.”
